

Product Name :
10 - 50 kg Pharmaceutical Pneumatic Sealing Machine

Product Code :
KGLOB10251013

Description :

10 - 50 kg Pharmaceutical Pneumatic Sealing Machine

Technical Specification :

Usage/Application Pouch Sealing
Capacity Variable
Power 220 W
Driven Type Packing
Driven Electric
Weight 70 kg
Strap Width 3,5,8 mm
Temperature Range ajustable
Machine Dimensions 51" x 45" x 35"
Air Pressure 3 to 5 Kg Pressure
Voltage 180 V
Automation Grade Semi-Automatic
Sealing Capacity Variable
Packaging Type Pneumatic Types
Condition New

We are offering wide range of Pneumatic Sealing Machine for Pharmaceutical. The sealing machine offered by is given in different dimensions and other related stipulations accordingly with the requirement of patrons.

Besides this, our clients can avail it from us in different specifications at market leading prices with no constraint.

Features:

- Razor sharp performance
- Minimum deflection
- Highly efficient
